

Alcaufar Vell

EVENTS

Celebrate the nice things of life

Alcaufar Vell is one of those unique spots where you can amaze everyone while practicing the Art of Living. Ceremonies, banquets, cocktails and parties form a different type of magic with Alcaufar Vell and the rural setting of Menorca as a background.

What would you like to organise?

Family events: moments to remember with the family or friends, such as birthdays or private parties in which we can adapt to meet the needs of the whole group.

Company events: "Work, eat and relax". Come to work, have meetings, undertake training, but in a calm atmosphere and Mediterranean setting. The art of living and work are not at odds

with each other. The versatility of our different spaces make Alcaufar Vell a perfect spot for organising any company event.

Gastronomy and services: you can hold a traditional banquet, with standing aperitif and table menu, or a cocktail party, with an extensive range of dishes adaptable to the service.

Alcaufar Vell Commitment

For years we have worked with the fresh produce that the island offers us, with the Alcaufar Vell estate and its surroundings as reference points to supply us. We choose producers with criteria of sustainability and traceability, very important in the case of fish, as well as in agriculture and livestock. Then it will be the seasons of the year that act as a permanent guideline to which products we can serve at the table, and the kitchen, as their ambassador, will have the tough mission of transferring to the dish their maximum taste and sensory expression.

“The small gestures make us improve the world”
